ABOUT VERBATIM

OUR BRAND STORY

At Verbatim, we design technology to fit the way people live today – flexible, mobile, and always connected. Whether you’re working from home, on the move, streaming content, or managing your digital life, our products are made to support the way the world now works, plays, and stays in touch.

Digital storage remains at the heart of our brand. It’s what we’re known for, and where we continue to lead as the global number one in optical media. We’ve built on that heritage with a storage portfolio spanning hard drives, memory cards, USB drives, and SSDs. Our range of thoughtfully designed external SSDs meet the varying needs of today’s users – whether it’s speed, portability, or added security – they combine performance with reliability in sleek, modern formats.

But our offering goes far beyond storage. In recent years, we’ve expanded significantly into accessories, power, and charging solutions to meet the growing demand for versatile, everyday technology. From wireless charging and GaN power adapters to portable monitors and multi-port hubs, Verbatim brings together an exceptional breadth of products designed for modern digital living.

Underpinning everything is a commitment to quality, reliability, and service that has been the foundation of our brand for over 55 years. Every product is designed with care and backed by the trust our customers expect.

While our new branding has evolved to reflect a more digital-first world, with a clean, modern look and a clear focus on everyday living, the values remain the same: innovation, trust, and making life easier through technology.

NEW ARRIVALS

Mini GaN Chargers with Display
Mini charger with 3 or 4 ports and an integrated touchscreen display – [see page 71](#)

SnapBack Ultra Slim SSD
Ultra Slim SSD designed to integrate seamlessly with your smartphone – [see page 34](#)

Headsets and Earbuds
New range of neckband earbuds and over-ear headsets – [see page 61](#)

Power Banks with integrated cables
Wireless Charging Power Banks with two integrated USB-C cables – [see page 68](#)

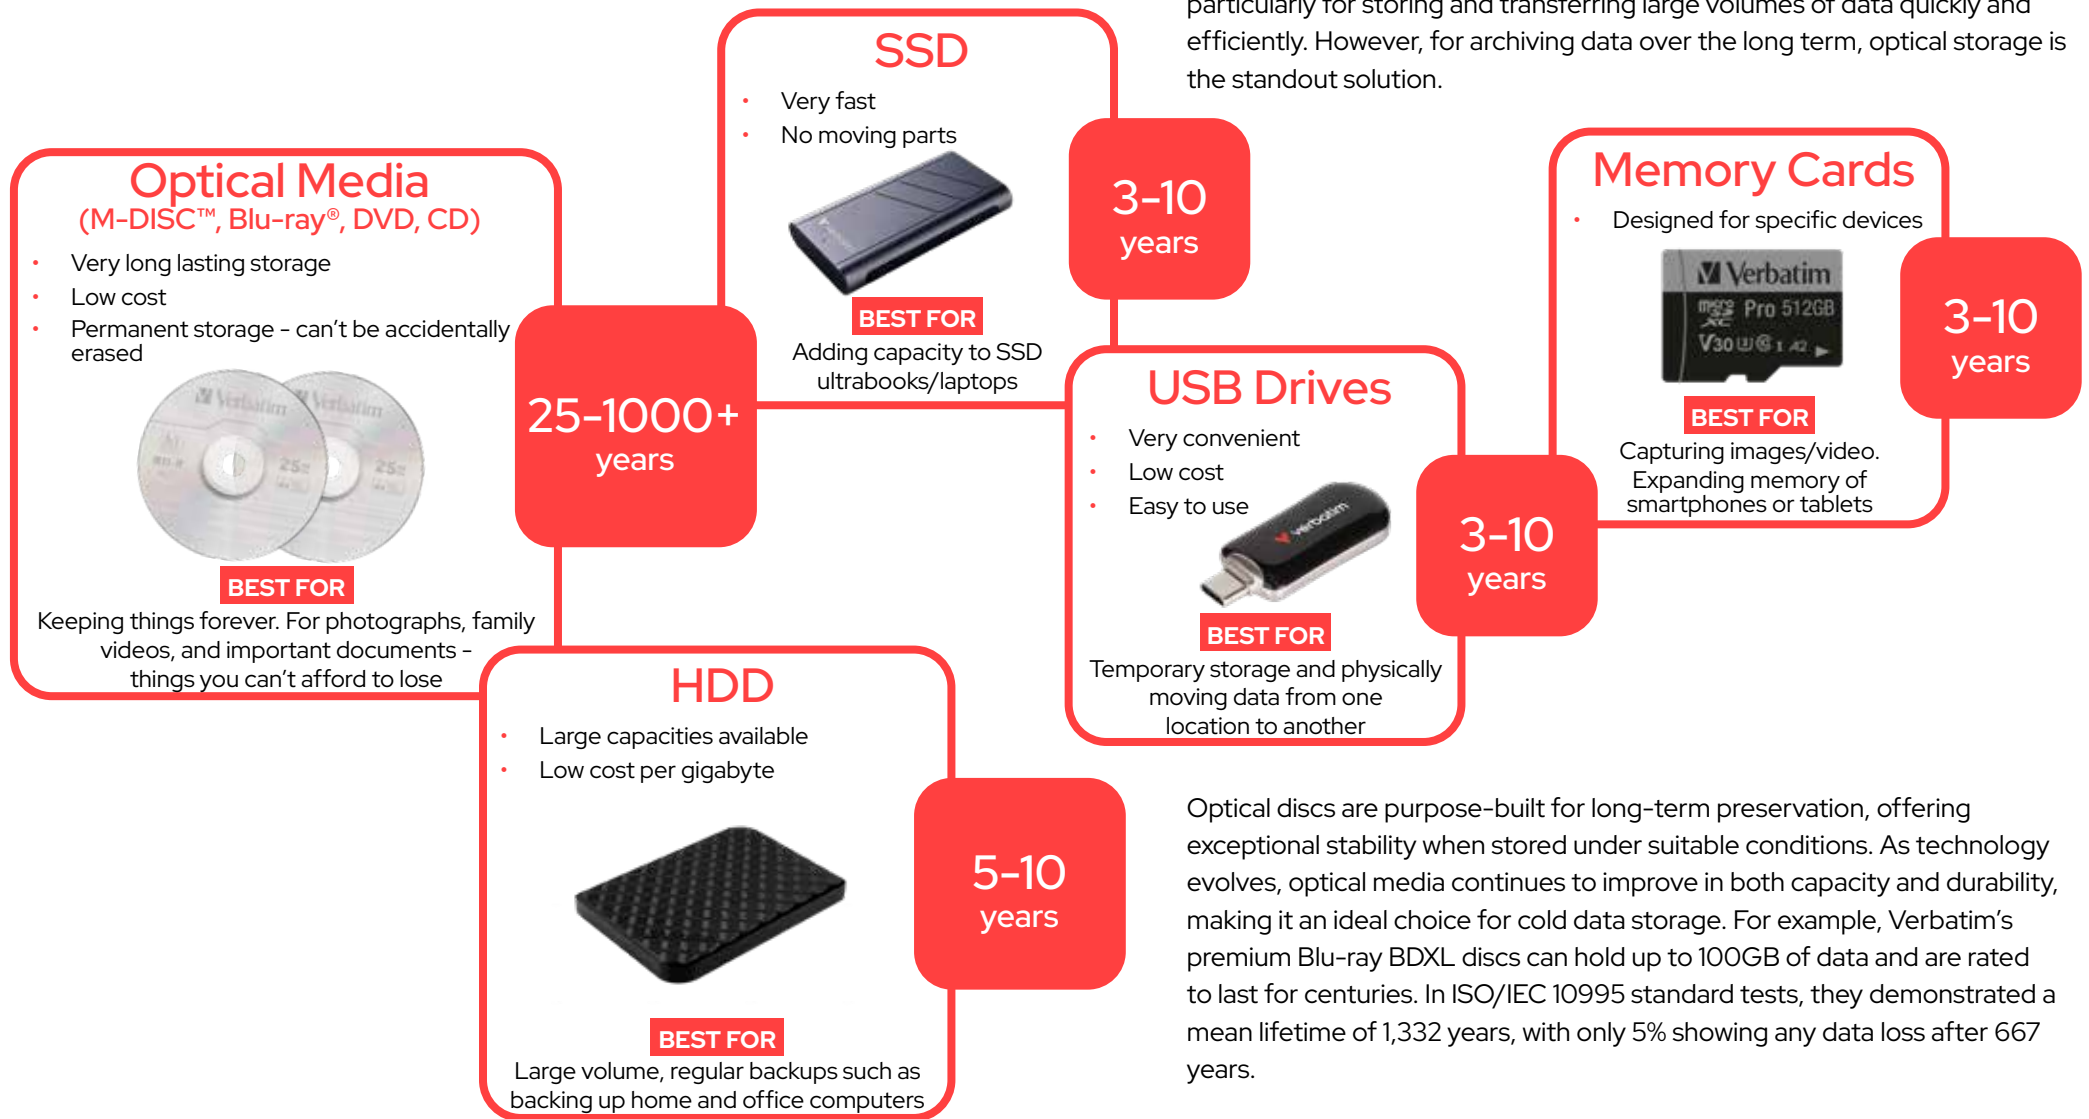

Portable Monitors
New dual screen and wireless charging models – [see page 45](#)

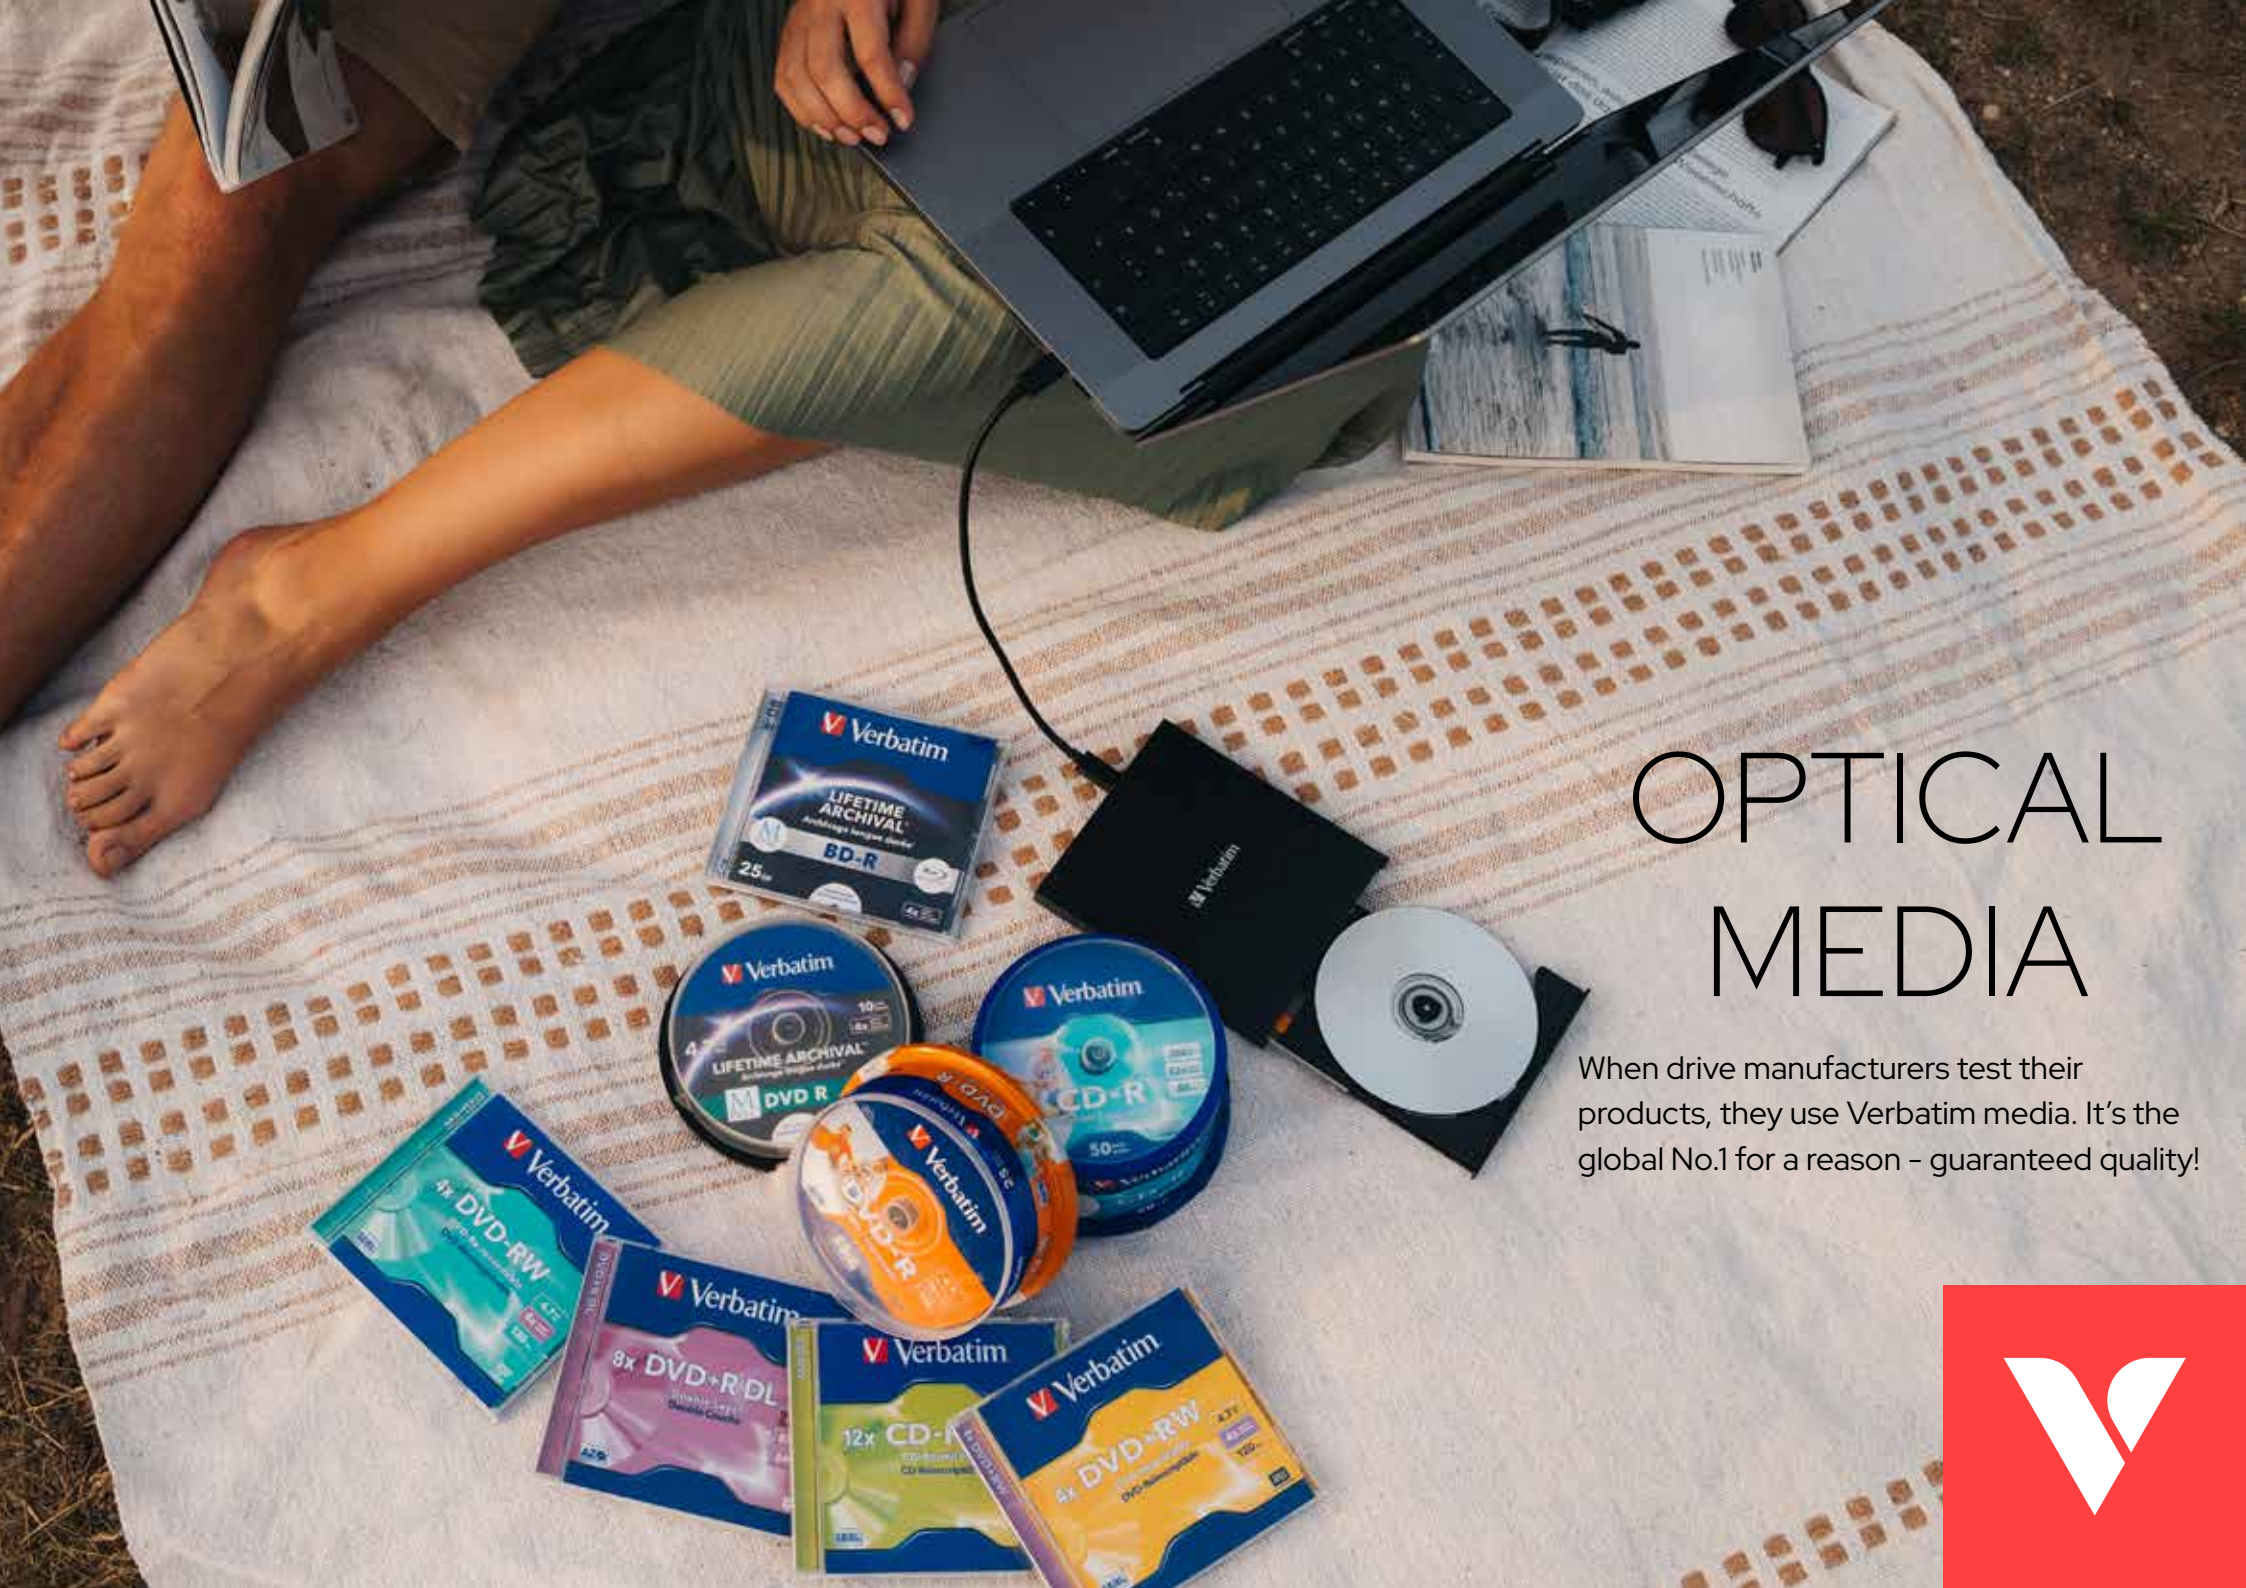

Power Bank Charging Pads
Charge earbuds, smartwatch and phones simultaneously – [see page 68](#)

LIFETIME OF DATA STORAGE FORMATS

Optical discs are purpose-built for long-term preservation, offering exceptional stability when stored under suitable conditions. As technology evolves, optical media continues to improve in both capacity and durability, making it an ideal choice for cold data storage. For example, Verbatim's premium Blu-ray BDXL discs can hold up to 100GB of data and are rated to last for centuries. In ISO/IEC 10995 standard tests, they demonstrated a mean lifetime of 1,332 years, with only 5% showing any data loss after 667 years.

In addition to longevity, optical discs offer a high level of security. As an offline medium, they are immune to hacking and malware, providing a safe and cost-effective way to archive critical files and documents for the future.

OPTICAL MEDIA

When drive manufacturers test their products, they use Verbatim media. It's the global No.1 for a reason - guaranteed quality!

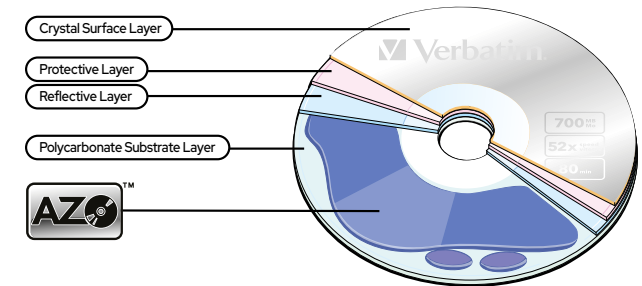

OPTICAL TECHNOLOGY

Core technologies, like our AZO recording layer, SERL and Hard Coat give Verbatim media technological advantages over competing products.

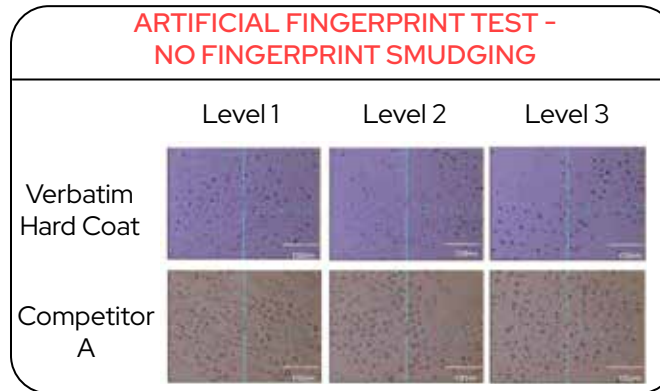

ADVANCED AZO DYE TECHNOLOGY

AZO is patented technology used exclusively by Verbatim. The AZO recording layer provides increased protection and reliability – it not only withstands high laser and rotation speeds, it also strongly resists UV light and maximises performance delivering a high quality recording that lasts for generations.

The recording dye is critical to CD and DVD performance; its molecular structure is designed to absorb the typical wavelength of a drive's laser. The peak absorption wavelength needs to be optimised so that the disc is compatible with a wide range of recording speeds. If the peak is too short, disc sensitivity is reduced, which causes high-speed recording problems; but if the wavelength peak is too long, this reduces the reflectivity of the recording layer and can create read errors.

HARD COAT SURFACE

To protect discs that are handled repeatedly, Verbatim provides a special Hard Coat layer that protects from fingerprints, dust, scratches, static and water.

The image on the left depicts a disc comparison for typical scratch resistance. The image on the right shows how Verbatim's Hard Coat reduces fingerprint smudging, an essential feature for high quality recording.

Fingerprint proof

Static proof

Scratch proof

Dust proof

Water proof

SERL

SERL (Super Eutectic Recording Layer) is a special recording layer on Verbatim's CD-RW and DVD/RW media that ensures noise-free recording time and time again. With conventional rewriteable media, the recording layer deteriorates with every rewrite, meaning a decrease in quality. With Verbatim rewriteable media however, the recording layer is returned to perfect condition on every erasure, leaving a flawless disc for the next recording. SERL also enables this media to enjoy excellent archival stability and high-speed recording. This means users can enjoy perfect, high-speed data storage every time.

BLU-RAY

- High capacity for high definition (HD) video or long-term archiving
- Dual layer (DL) discs with two recording layers for 50GB storage
- BD-R XL – three recording layers for 100GB storage

PROFESSIONAL OPTICAL MEDIA

Verbatim's professional optical media feature tighter specifications than the standards given by the relevant standardisation bodies. Tighter specifications ensure better compatibility with writers and recorders. This results in higher recording quality, thus ensuring longer archival lifetime and better readability. You can recognise Verbatim's professional optical media by the DataLifePlus branding.

- Excellent printer compatibility
- For medical use, DICOM compliant
- 66.7% tighter specifications than standard discs
- AZO dye ensures excellent read and write performance
- High quality photo and sound storage recording quality
- Superior archival stability that lasts for generations

WIDE PRINTABLE

Verbatim printable discs feature a printable surface designed for use with your inkjet printer. These discs allow you to print photos or text across the entire surface of the disc.

WATERPROOF INKJET PRINTABLE

Verbatim waterproof printable discs feature a printable surface designed for use with your inkjet printer. These discs have a coating on them which make the printable surface waterproof. No drips, bleeds or smudges!

THERMAL PRINTABLE

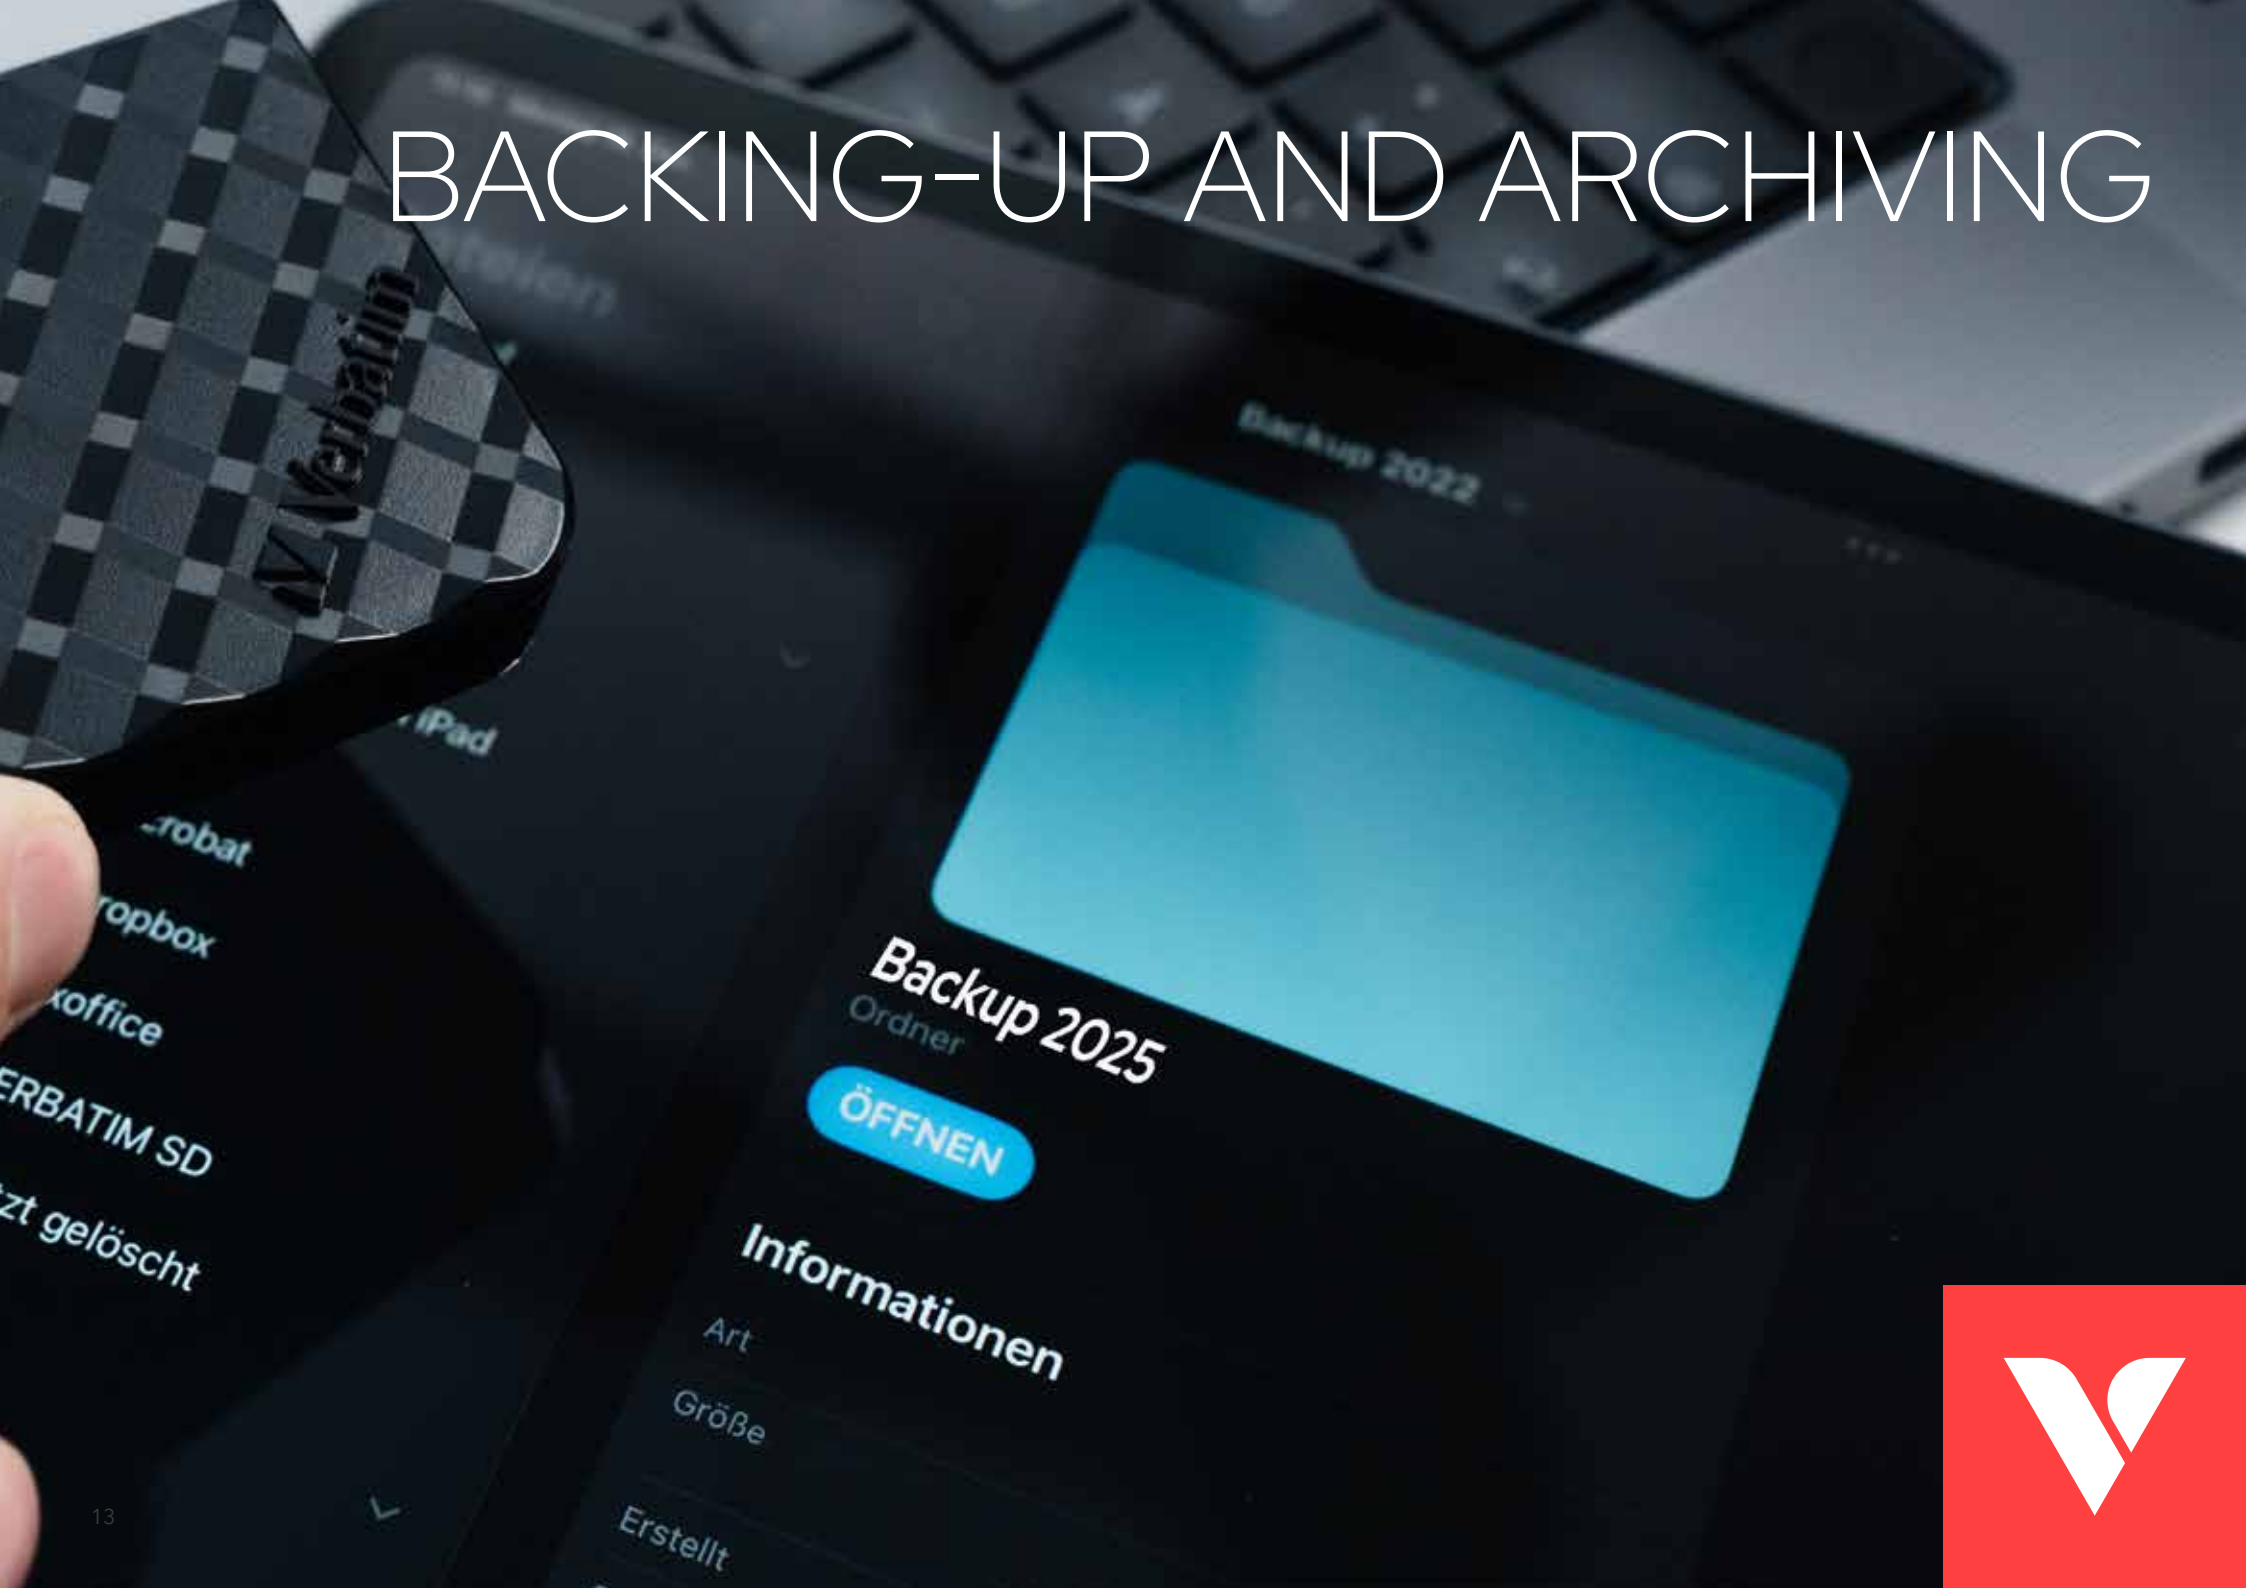

Verbatim Thermal Printable discs offer edge to edge printing of high resolution photos and crystal clear text for your thermal printer. The fast drying surface ensures clear labels every time. Thermal printable discs are compatible with TEAC P55B & C, Rimage Everest 400 & 600 and Rimage Prism Plus series thermal printers.

BACKING-UP AND ARCHIVING

BACKING-UP AND ARCHIVING

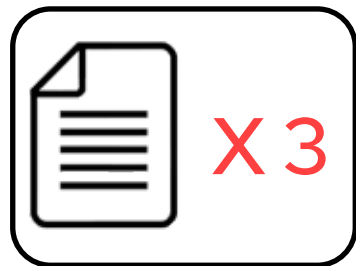

REGULAR BACK-UPS protect against both accidental or malicious data loss – anything from hardware faults and viruses to human error or theft – as they can be used to restore original data files.

Choosing the right media and back-up procedure depends on many elements:

- The amount of data being saved
- The perceived value of the data
- The levels of accepted risk
- The length of time you need to keep the data for

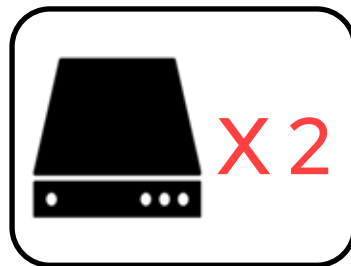

3-2-1 BACKUP RULE

Have at least
Three copies of
your data

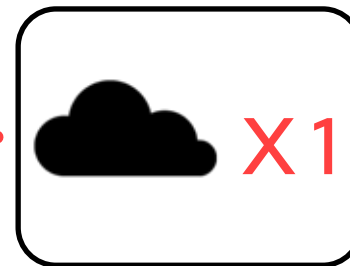

In addition to your primary data you should also have at least two more backups, which will significantly help reduce the risk of losing data. These could be physical and / or cloud solutions.

Store the copies on
at least two
different Types
of media

It is best practice to keep copies of your data on at least two different storage types, such as internal disk drives AND removable storage media (tapes, external hard drives, USB drives, SD-cards, CD's, DVDs).

Keep at least one
offsite backup
copy

It's obvious really; but it's not a good idea to keep your external storage device in the same room as your production storage.

If there is a fire, flood or burglary - you would lose all of your data.

BEST PROTECTION AGAINST ATTACK

ARCHIVE YOUR DATA

To be completely protected, a user or organisation needs to have data backed up and archived offline.

Any device that is attached to an attacked system or network is vulnerable. If your back up HDD is plugged into your laptop when a piece of ransomware software is installed, it will also be encrypted.

Having the most important data archived to optical media can eliminate this risk.

BLU-RAY, DVD & CD WRITERS

Optical discs remain one of the most reliable options for long-term data archiving. As many modern laptops no longer include built-in optical drives, Verbatim offers a practical solution with its range of external Blu-ray and DVD/CD writers. Easily back up your important files, from family photos and videos to financial records and documents. These drives are compatible with all Blu-ray, DVD and CD formats, making them a versatile choice for secure, offline storage.

External Slimline Blu-ray Writer with 4K Ultra HD Blu-ray playback**

4K ULTRA HD

- Watch 4K Ultra HD movies with this slimline Blu-ray writer
- USB 3.2 Gen 1 with USB-C® connection
- 6x maximum write / 4x maximum read speeds for BD-R/BD-R DL
- Compact and lightweight, ideally suited for use with a notebook or ultrabook
- Power provided by the USB port - no need to carry a bulky power adapter
- Includes USB-C to USB-A cable (plus USB-A to USB-C adapter)
- Includes Nero Burn & Archive Software*
- Fully compliant with MDISC™ archiving technology
- Includes FREE 25GB Verbatim Blu-ray Disc

PART NUMBER	DESCRIPTION
43888	External Slimline Blu-ray Writer with 4K Ultra HD Blu-ray playback**

External Slimline Blu-ray Writer with USB-C® connection

- USB 3.2 Gen 1 with USB-C connection
- 6x maximum write / 4x maximum read speeds for BD-R/BD-R DL
- Compact and lightweight, ideally suited for use with a notebook or ultrabook
- Power provided by the USB port - no need to carry a bulky power adapter
- Includes USB-C to USB-A cable (plus USB-A to USB-C adapter)
- Includes Nero Burn & Archive Software*
- Fully compliant with MDISC™ archiving technology
- Includes FREE 25GB Verbatim Blu-ray Disc

PART NUMBER	DESCRIPTION
43889	External Slimline Blu-ray Writer with USB-C® Connection

* Nero Burn & Archive is only suitable for Windows OS

** UHD Blu-ray Playback: Requires dedicated software (not included). Functionality is limited on newer PCs/OS due to hardware restrictions. Check PC/laptop manufacturer for compatibility before purchase.

External Slimline Blu-ray Writer

- USB 3.2 Gen 1 with USB-A connection
- Store up to 100GB on a BDXL Disc, 8.5GB on a Double Layer DVD and 4.7GB on a standard DVD
- Compact and lightweight, ideally suited for use with a notebook or ultrabook
- Power provided by the USB port - via USB Y cable or extra external power supply (included)
- Includes Nero Burn & Archive Software*
- Fully compliant with MDISC™ archiving technology
- Includes FREE 25GB Verbatim Blu-ray Disc

Burn&Archive

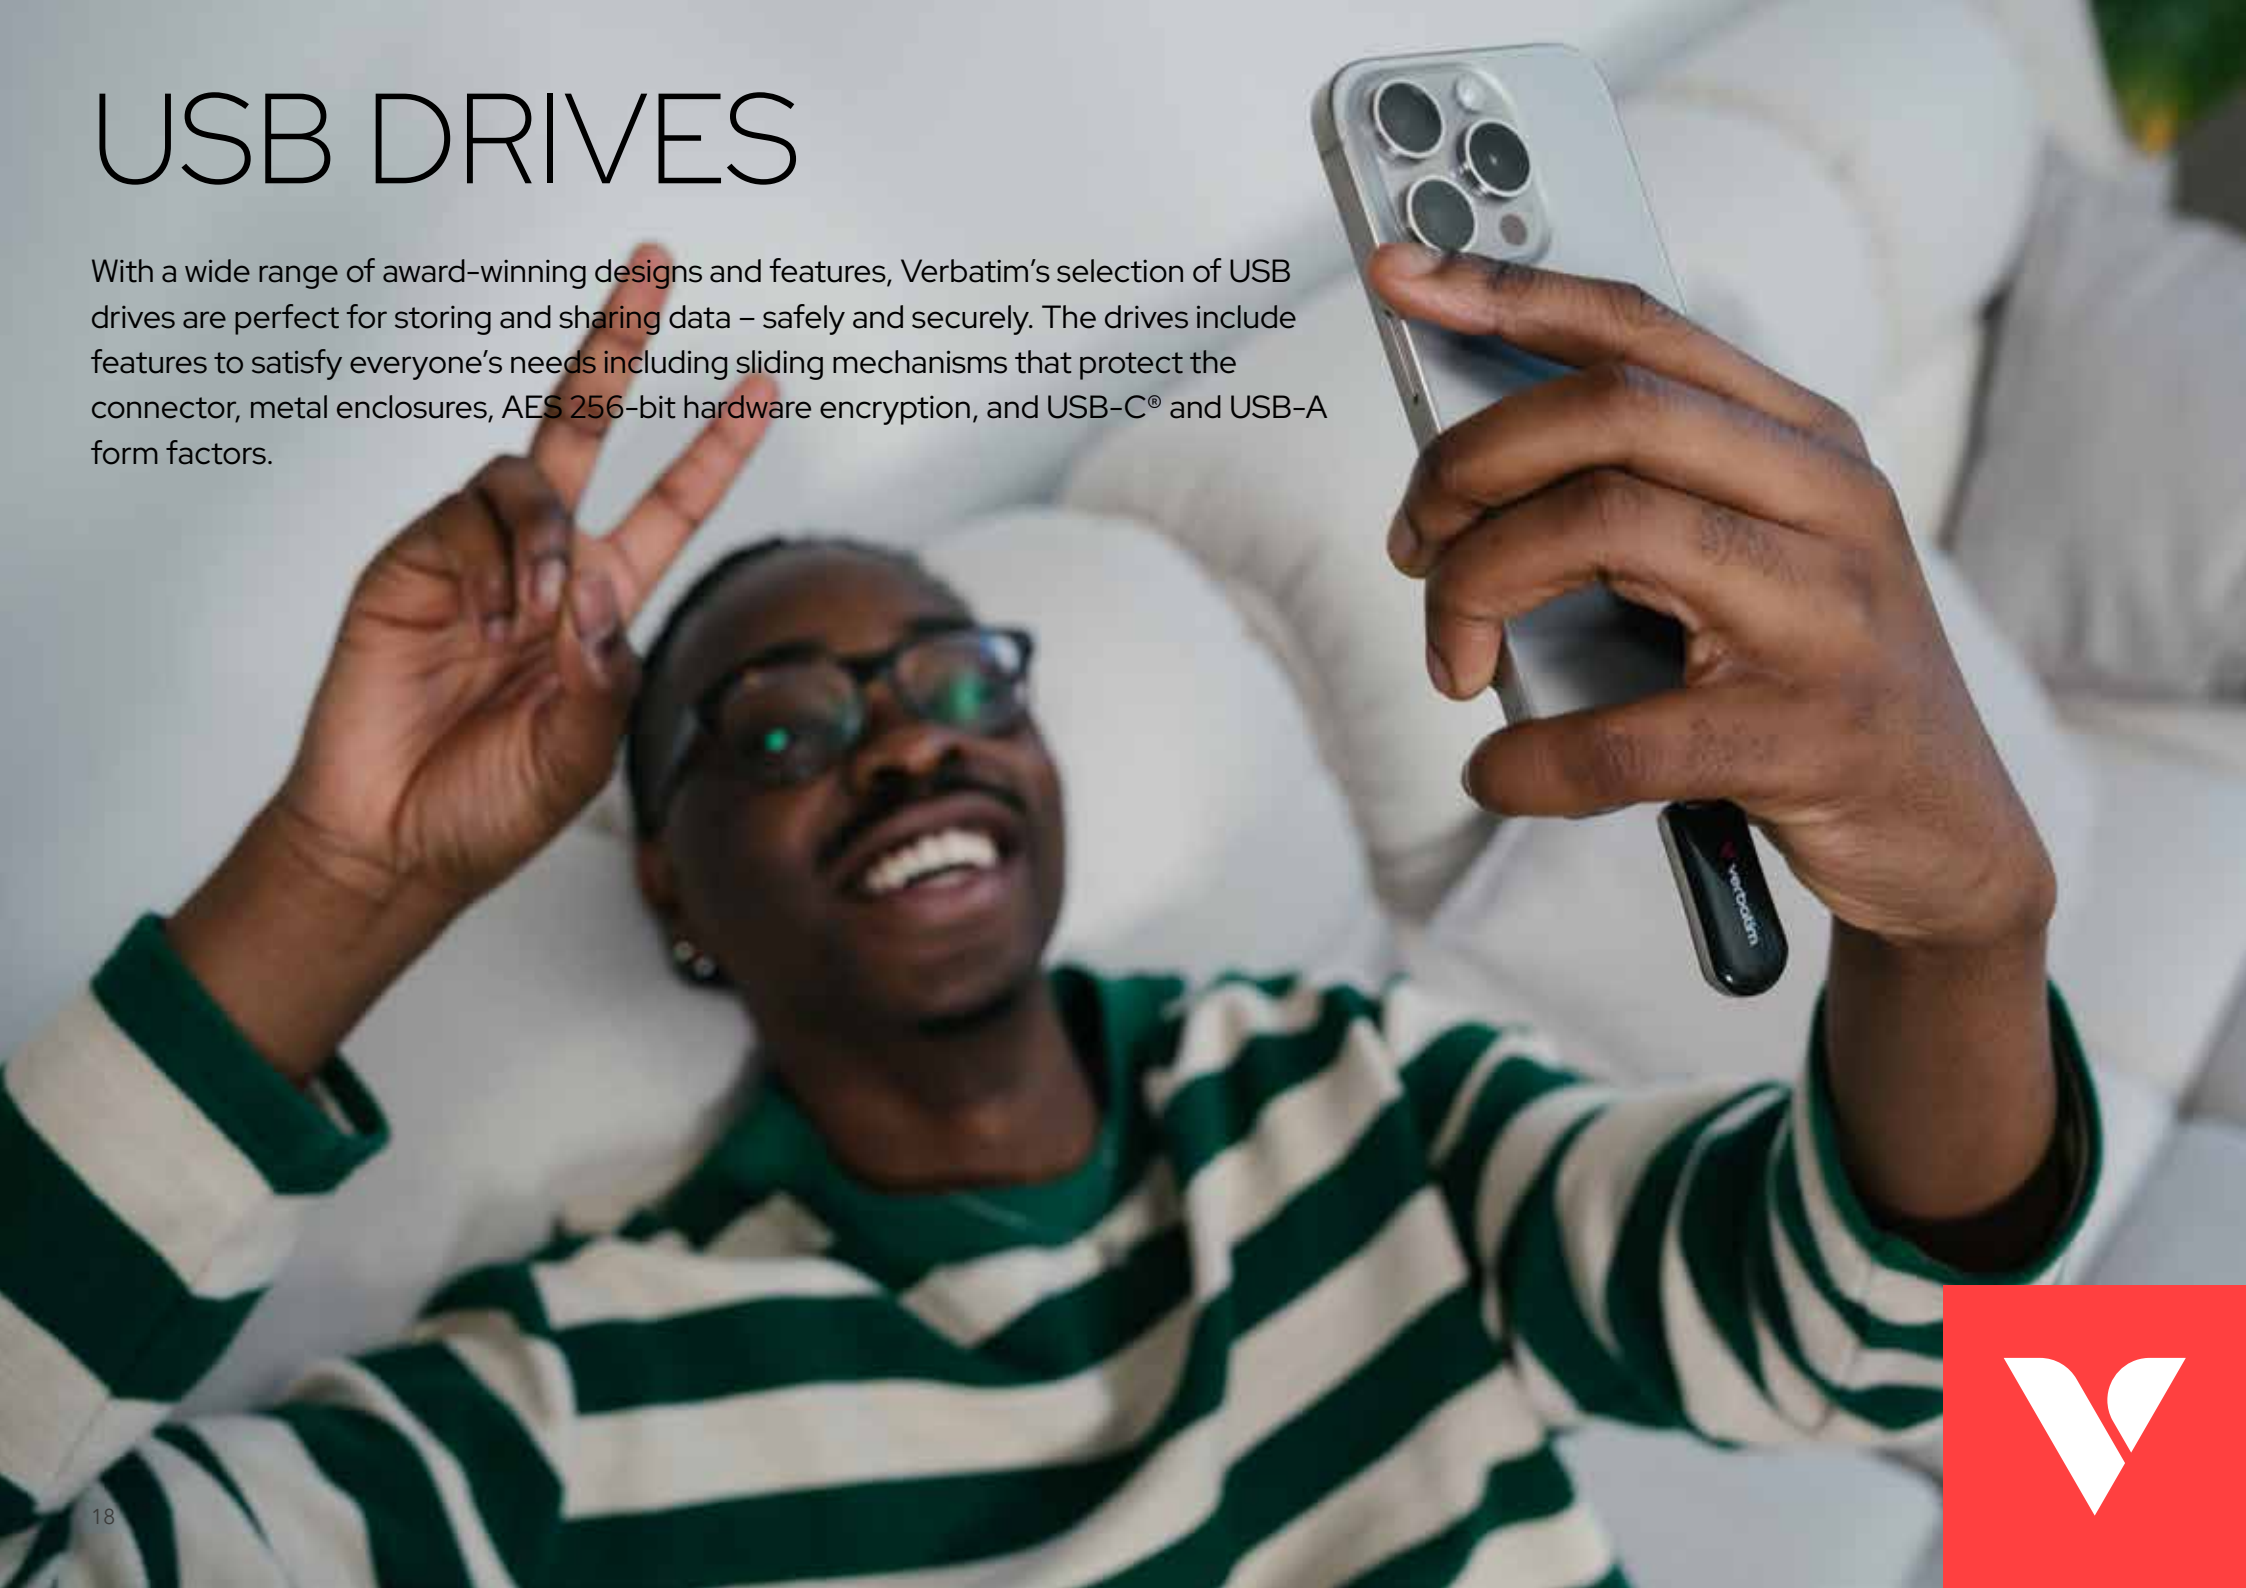

Verbatim Blu-ray and DVD Writers include Nero Burn & Archive Software:

- CD, DVD, Blu-ray Disc™ burning software for all your videos, photos and precious documents.
- DiscSpan and SmartFit helps you to organise oversized files and archives among many discs - no need to split up files.
- SecurDisc Technology allows password protection to be added for extra security, and an electronic signature so that everyone knows you own the copyright.
- Nero MediaHome Standard brings all your media files together into a single location to help you easily organise and access all your photos, music, and videos. It helps you to burn the right playlist for any occasion; rip or copy your favorite CD; use different filters for the perfect photo; or put together slide shows - including photos, videos, and even film music in the background.
- Burn music videos directly onto audio CDs.
- Convert your audio CDs into the format of your choice - MP3, AAC, FLAC, or APE.
- Various streaming options, including the Nero Streaming Player App, allows you to show your movies, photos, slide shows, and other media files on various devices such as smartphones, tablets and Smart TVs.
- Relevant song titles, band names, and other details are automatically included.

USB DRIVES

With a wide range of award-winning designs and features, Verbatim's selection of USB drives are perfect for storing and sharing data – safely and securely. The drives include features to satisfy everyone's needs including sliding mechanisms that protect the connector, metal enclosures, AES 256-bit hardware encryption, and USB-C® and USB-A form factors.

USB-C

Plectra USB-C® Flash Drive

SECURITY

Keypad Secure USB Drive

- AES 256-bit Hardware Encryption, seamlessly encrypts all data on the drive in real-time
- Built-in keypad for passcode input (up to 12 digits)
- Can be used with TVs (feature not possible with regular encrypted devices)
- LED power / encryption status indicators
- Does not store password in the computer or the system's volatile memory, therefore far more secure than software encryption
- PC and Mac compatible
- Available with either USB 3.2 Gen 1 or USB 3.2 Gen 1 with USB-C® connection

PART NO DESCRIPTION

Keypad Secure USB 3.2 Gen 1

49427	Keypad Secure USB 3.2 Gen 1 Drive 32GB

SAFE AND SECURE

Securing data on the move is a prime concern for many businesses.

What if an employee takes customer data home to work on and mislays it? Small storage devices like USB drives or HDDs can be easily lost or stolen – globally more than 2 million are lost each year and studies have shown that over half of dropped USB sticks get plugged in. This leaves your organisation at risk of non-compliance with GDPR.

One easy step to reduce this risk is to use encrypted devices. Encrypting involves scrambling the data in such a way that only someone with the correct code or key can read it.

WHAT IS AES 256-BIT ENCRYPTION?

AES stands for Advanced Encryption Standard. It is a symmetric block cipher that is adopted throughout the world to encrypt sensitive data.

256-bit refers to the length of the encryption key used to encrypt a data stream or file. A hacker or cracker will require 2^{256} different combinations to break a 256-bit encrypted message.

AES has never been cracked and is safe against any brute force attacks.

$*2^{256} = 115,792,089,237,316,195,423,570,985,008,687,907,853,269,984,665,640,564,039,457,584,007,913,129,639,936$

UNDERSTANDING THE USB STANDARDS

PORT TYPES AND SPEEDS COMPARED

There are many versions of USB standard, and connector types, which can be confusing.

Here's a quick summary to get you up to speed!

Specification	Previously known as	Connector Types	Max Data Transfer Speed	Brand Name
USB 2.0		USB-A USB-B USB MicroB USB Mini B USB-C	480 Mbit/s (60MB/s)	High Speed, also Hi-Speed
USB 3.2 Gen 1	USB 3.1 Gen 1 USB 3.0	USB-A USB-B USB MicroB USB-C	5 Gbit/s (625MB/s)	SuperSpeed 5Gbps
USB 3.2 Gen 2	USB 3.1 or USB 3.1 Gen 2 SuperSpeed 10Gbps	USB-A USB-B USB MicroB USB-C	10Gbit/s (1.25 GB/s)	SuperSpeed 10Gbps
USB 3.2 Gen 2x2		USB-C	20 Gbit/s (2.5 GB/s)	SuperSpeed 20Gbps
USB4 Gen 2x2		USB-C	20 Gbit/s (2.5 GB/s)	USB4 20 Gbps
USB4 Gen 3x2		USB-C	40 Gbit/s (5 GB/s)	USB4 40 Gbps

CONNECTOR TYPES: USB-A, MICRO-B, AND USB-C

USB ports come in various shapes and sizes, each designed for different devices and speeds.

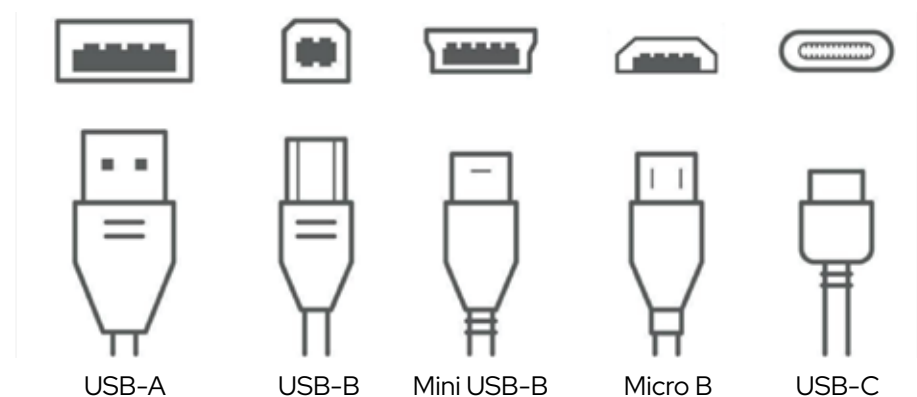

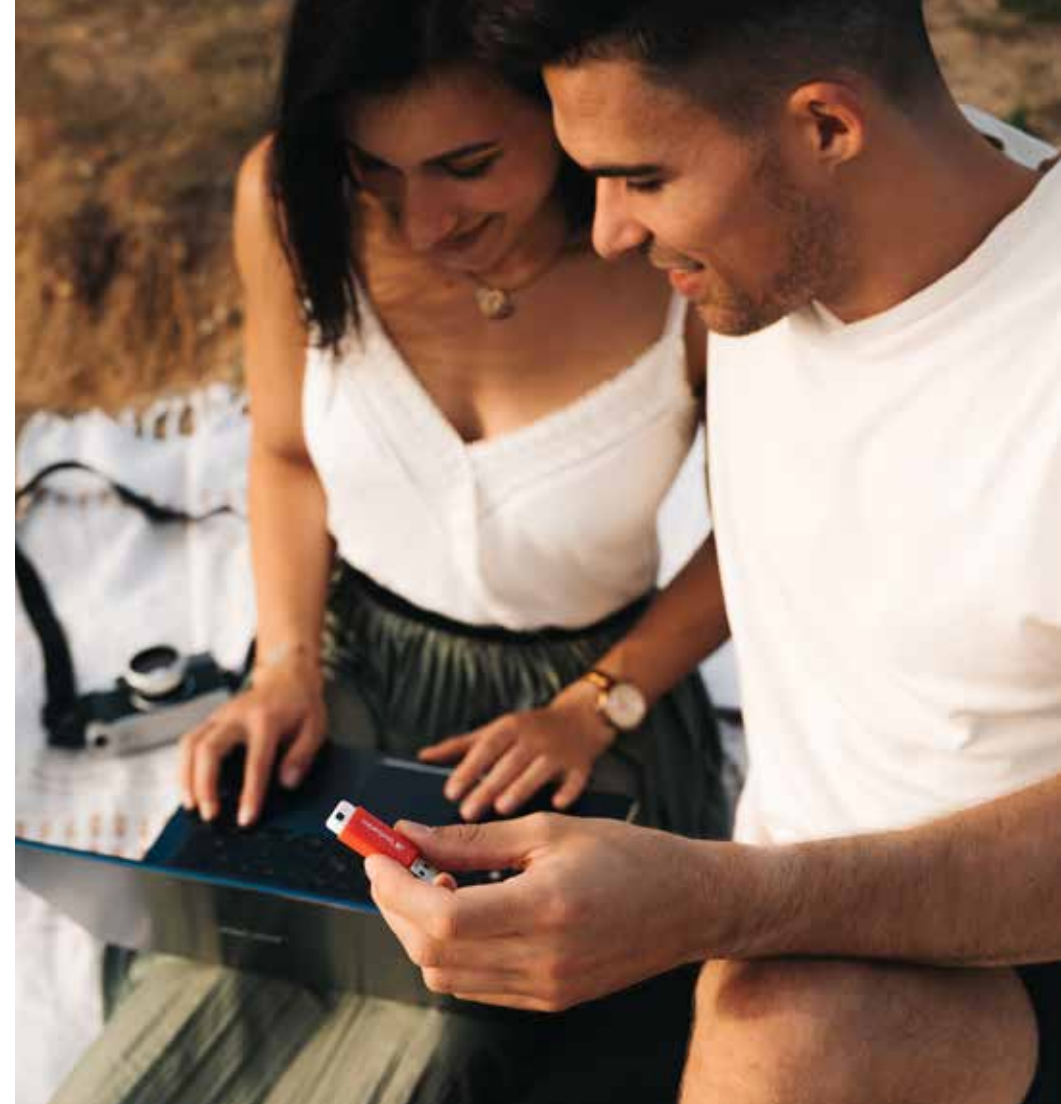

USB-A is the classic rectangular connector found on most desktop PCs, older laptops, TVs, game consoles, and media players.

USB-B and **Mini USB-B** are less common - typically used for printers and smaller devices like digital cameras and external hard drives.

Micro-B connectors are still widely used, especially on many Android™ smartphones and portable hard drives.

USB-C is now the industry standard. This small, oval, and reversible connector is used across modern smartphones, tablets, laptops, and accessories. USB-C supports faster charging thanks to higher power output and can handle multiple protocols via "alternate modes," including HDMI, VGA, and DisplayPort.

25

FLASH MEMORY CARDS

Verbatim's flash memory cards offer a dependable balance of storage capacity and data transfer speed, making them well-suited for everyday use. Ideal for both personal and business applications, they're a practical choice for capturing, storing and playing back photos, videos, and other essential files.

Pro

- Give Professional performance to action cameras, HD camcorders, advanced cameras, smartphones and tablets
- UHS Speed Class 3 (U3) rating means you can capture 4k ultra HD and Full HD video then transfer quickly to your computer for viewing and editing
- Water, shock and temperature resistant

SSD

Verbatim offers a wide range of internal and external SSDs designed for speed, efficiency, and security. Whether you need ultra-fast SSDs for gaming, reliable drives to upgrade your laptop or PC, or compact external SSDs for secure, on-the-go backups, there's a solution to suit every need.

OVERVIEW

SSDs differ from traditional hard drives (HDDs) in that they have no moving parts. Instead of spinning platters, they use flash memory chips, similar to those in smartphones and USB drives, allowing for much faster access to data.

Originally, SSDs were built in a 2.5" form factor to fit into existing HDD slots and used SATA connectors. Today, more compact designs such as M.2 drives are common, supporting both SATA and PCIe NVMe interfaces and offering improved performance and flexibility.

SSDs are faster, quieter and more durable than HDDs. Their resilience makes them ideal not only for internal system storage but also for portable external drives that may be subjected to frequent handling.

TOP BENEFITS OF SSD

1. Faster boot-up

Systems start almost instantly, reducing downtime.

2. Quick file transfers

SSDs can be over three times faster than HDDs for data transfer.

3. Speedy file searches

Files can be found and accessed far more quickly.

4. Fast-loading applications

Software like Photoshop or PowerPoint launches in seconds.

5. Lower power usage

SSDs consume less energy, helping extend laptop battery life.

6. Less maintenance lag

Background tasks such as virus scans run significantly faster.

7. Better multi-tasking

Switch between apps and tasks more smoothly and efficiently.

8. Improved media editing

Video and photo editing is faster and more responsive.

9. Greater durability

With no moving parts, SSDs are more resistant to heat, shock and vibration.

10. Silent operation

SSDs run silently—no spinning discs or mechanical noise.

INTERFACES: SATA VS NVME

The interface determines how your computer communicates with an SSD. The two main options are SATA and PCIe NVMe.

SATA SSDs are widely compatible, affordable, and deliver solid performance for everyday tasks. They're ideal for general computing, office work, and lighter workloads. However, their speed is limited by the SATA interface, typically topping out around 560MB/s.

NVMe SSDs, which use the PCIe interface, offer much faster data transfer rates—up to ten times faster than SATA in some cases. They're designed for demanding applications such as video editing, gaming, and working with large files. Most modern high-performance SSDs, especially in the M.2 format, support NVMe, although some M.2 drives still use the SATA interface.

SSD FORM FACTORS: 2.5", M.2, AND MSATA

SSDs come in several physical designs, or form factors, to suit different types of systems.

2.5" SSDS

This is the most common form factor, shaped like a traditional hard drive. It connects via a SATA cable and is compatible with most laptops and desktops. It's a straightforward upgrade for systems originally designed for HDDs.

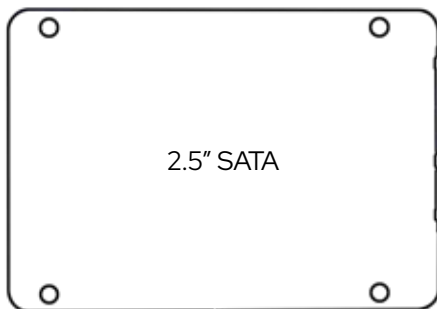

M.2 SSDS

M.2 drives are slim, compact, and connect directly to the motherboard without cables. They're commonly used in ultrabooks, laptops, and newer desktops. M.2 SSDs support both SATA and PCIe interfaces, though NVMe-enabled M.2 drives are significantly faster. Their length can vary, with longer models allowing for higher storage capacities.

MSATA SSDS

mSATA is a compact form factor designed for space-limited systems like netbooks and embedded devices. While similar in size to M.2, mSATA drives only support the SATA interface and are not interchangeable with M.2 drives.

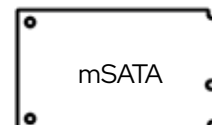

FORM FACTORS

2.5" SATA

M.2 2280

mSATA

M.2 uses both PCIe and SATA interfaces. The numbers determine the physical size, so in this case 22mm wide and 80mm long.

(The 2.5-inch designation actually refers to the size of a typical laptop drive platter, the disc inside the housing that data is actually recorded on.)

INTERNAL SSD

Vi7000G PCIe NVMe™ M.2 SSD

- Compatible with PlayStation™ 5
- Lightning-fast speeds of up to 7,400 MB/s* read and 6,700 MB/s *write
- Impressive read IOPS of up to 800,000 and write IOPS of up to 1,000,000 for unmatched performance in demanding applications and games
- PCIe generation 4 technology
- Heat sink and DRAM cache for extreme performance
- Designed for gamers and high-performance users
- Uncompromising performance for lightning-fast boot times and faster application launches

Sync & Charge USB4 Cables

- USB-C® to USB-C® USB4 Cable
- Supports PD 3.1 charging up to 240W
- Data transfer up to 40Gbps
- Supports DisplayPort Alt Mode
- DuPont™ Kevlar® inside

PART NO	DESCRIPTION
31847	Sync & Charge Cable USB-C® to USB-C® USB4 240W 40Gbps 120cm
31849	Sync & Charge Cable USB-C® to USB-C® USB4 Display 240W 40Gbps 120cm

Sync & Charge USB-C® to USB-C® Cables

- USB-C® to USB-C® Cable
- Supports PD charging up to 60W/100W
- DuPont™ Kevlar® inside

PART NO	DESCRIPTION
31845	Sync & Charge Cable USB-C® to USB-C® 60W 120cm
31846	Sync & Charge Cable USB-C® to USB-C® 100W 120cm
31848	Sync & Charge Cable USB-C® to USB-C® 100W Power Display 120cm

Sync & Charge USB-C® to Lightning Cable

- USB-C® to Lightning Cable
- Made for iPhone and iPad
- Supports PD charging up to 60W
- DuPont™ Kevlar® inside

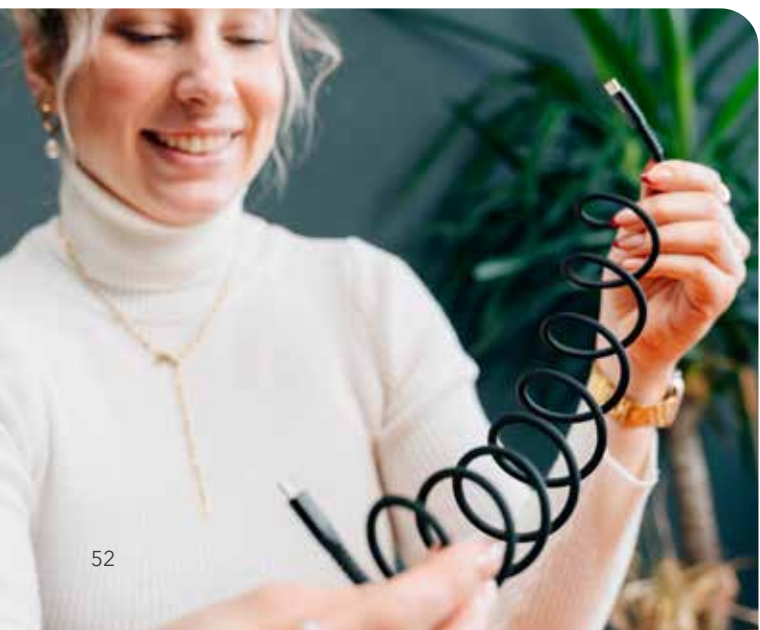

PART NO	DESCRIPTION
31844	Sync & Charge Cable USB-C® to Lightning 120cm

Sync & Charge USB-A to USB-C® Cable

- USB-A to USB-C® Cable
- Supports Quick Charge 3.0
- DuPont™ Kevlar® inside

PART NO	DESCRIPTION
31843	Sync & Charge Cable USB-A to USB-C® 120cm

Essentials 3-in-1 Sync & Charge Cable

- 3-in-1 cable with USB-A to Micro-B, USB-C® and Lightning connectors
- Ideal for charging multiple device types with one cable
- USB-C connector for common power sources
- 1 metre cable length
- Quick Charge 3.0 support for up to 18W charging power
- Data transfer speeds up to 480Mbps
- Durable white cable with flexible design

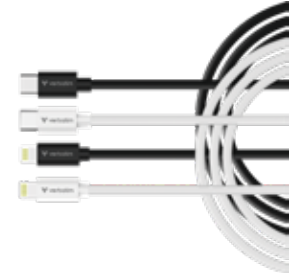

Essentials Sync & Charge 3m USB-C to C Cable

- Single 3 metre USB-C® to USB-C cable
- Ideal for charging laptops, smartphones, tablets and other USB-C devices
- USB Power Delivery 3.0 supports up to 100W fast charging
- Data transfer speeds up to 480Mbps
- Durable white cable with flexible PVC jacket
- High-quality construction for reliable performance

Essentials Sync & Charge USB-C to Lightning Cables

- Two USB-C® to Lightning cables (one black, one white)
- Compatible with Apple devices including iPhone and iPad
- 1 metre cable length
- USB Power Delivery 3.0 supports up to 27W charging power
- Data transfer speeds up to 480Mbps
- Durable cable construction for everyday use

MULTIPOINT HUBS

USB-C® Pro Multiport Hub - 5 Ports

- Transform a single USB-C port into five versatile ports to connect to a wide range of devices
- 1 x HDMI, 1 x RJ45, 2 x USB-A 3.2 Gen1, 1 x USB-C PD
- USB 3.2 Gen 1 technology ensures fast data transfer speeds
- HDMI interface supports up to 4K output video from your computer to a 4K monitor
- 'Hot Button' for one-touch external display control
- Provides USB-C power charging - easily charge your USB-C device whilst still using other ports

PART NO	DESCRIPTION
32150	USB-C® Pro Multiport Hub CMH-05 5 Ports HDMI RJ45 2 x USB-A USB-C PD

USB-C® Pro Multiport Hub - 8 Ports

- Transform a single USB-C port into eight ports including HDMI and SD card readers for comprehensive connectivity
- 2 x HDMI, 3 x USB-A 3.2 Gen1, 1 x SD card slot, 1 x microSD card slot, 1 x USB-C PD
- Dual HDMI output enables connection to multiple monitors for an expanded workspace
- 'Hot Button' for one-touch external display control
- USB 3.2 Gen 1 technology ensures fast data transfer speeds
- Integrated SD and microSD memory card slots
- Provides USB-C power charging - easily charge your USB-C device whilst still using other ports

PART NO	DESCRIPTION
---------	-------------

32151	USB-C® Pro Multiport Hub CMH-08 8 Ports 2 x HDMI 3 x USB-A SD microSD USB-C PD
-------	---

USB-C® Pro Multiport Hub - 9 Ports

- Transform a single USB-C port into nine ports including USB-C and USB-A with different generations for maximum device compatibility
- 1 x HDMI, 1 x RJ45, 2 x USB-C 3.2 Gen2, 1 x USB-A 3.2 Gen2, 2 x USB-A 3.2 Gen1, 1 x SD card slot, 1 x microSD card slot
- 4K resolution HDMI video supported
- 'Hot Button' for one-touch external display control
- Benefit from a stable, wired network connection with the gigabit ethernet port
- USB 3.2 Gen 2 technology ensures fast data transfer speeds
- Integrated SD and microSD memory card slots

PART NO	DESCRIPTION

-------	---

USB-C® Pro Multiport Hub - 13 Ports

- Transform a single USB-C port into thirteen ports including dual HDMI, High speed PD ports and gigabit ethernet connection
- 2 x HDMI, 1 x DisplayPort, 1 x RJ45, 3 x USB-A 3.2 Gen1, 1 x USB-A 3.2 Gen 2, 2 x USB-A 2.0, 1 x Audio, 2 x USB-C PD
- Triple 4K video output
- Dual HDMI outputs capable of handling up to 8K resolution for stunning visuals
- 'Hot Button' for one-touch external display control
- Gigabit ethernet port for high speed, wired internet access
- Dual USB-C Power Delivery - charge devices while using the hub with pass-through charging

PART NO DESCRIPTION

32153	USB-C® Pro Multiport Hub CMH-13 13 Ports 2 x HDMI DP RJ45 USB-A 3.2 Gen2 3 x USB-A 3.2 Gen1 2 x USB-A 2.0 Audio 2 x USB-C PD
-------	---

USB-C® Pro Multiport Hub - 14 Ports

- Transform a single USB-C port into fourteen ports including dual HDMI, VGA, and gigabit ethernet connection
- 2 x HDMI, 1 x VGA, 1 x RJ45, 3 x USB-A 3.2 Gen1, 1 x USB-C 3.2 Gen1, 2 x USB-A 2.0, 1 x SD card slot, 1 x microSD card slot, 1 x Audio jack, 1 x USB-C PD
- Triple 1080p video output with dual 4K HDMI display support
- 'Hot Button' for one-touch external display control
- VGA socket for legacy monitor support
- Equipped with a combination of USB-A and USB-C ports for connecting multiple devices
- Integrated SD and microSD memory card slots
- Gigabit ethernet port for high speed, wired internet access
- Dual USB-C Power Delivery - charge devices while using the hub with pass-through charging

PART NO DESCRIPTION

32154	USB-C® Pro Multiport Hub CMH-14 14 Ports 2 x HDMI VGA RJ45 3 x USB-A 3.2 Gen1 USB-C 3.2 Gen1 2 x USB-A 2.0 SD microSD Audio Jack USB-C PD

USB-C® Multiport Hubs

- USB-C® multiport hubs available with a range of ports
- The ideal solution to expand your notebook or smartphone into a workstation
- USB-C connector for power charging
- HDMI interface supports up to 4K** output video from your computer to a 4K monitor
- Up to 5Gbps* - two/three USB-A ports mean plenty of room for extra accessories

PART NO	DESCRIPTION
49140	USB-C® Multiport Hub USB-C 3.1 Gen1 2 x USB-A 3.0 HDMI
49141	USB-C® Multiport Hub USB-C 3.1 Gen1 2 x USB-A 3.0 HDMI RJ45
49142	USB-C® Multiport Hub USB-C 3.1 Gen1 3 x USB-A 3.0 HDMI RJ45 SD microSD

USB-C® Multiport Hub - USB-A

- USB-C® multiport hub - expand your slimline notebook, Macbook or smartphone into a workstation
- Four USB 3.2 Gen 1 Type-A ports providing options for extra accessories
- USB-C connection
- USB SuperSpeed 5Gbps*

PART NO	DESCRIPTION
49147	USB-C® Multiport Hub Four port USB 3.2 Gen1 4 x USB-A 3.2 Gen1

* Performance may vary depending on host drive
** Provided the computer supports 4K

USB-C® Essentials Multiport Hubs

- Multiport hubs with USB-C® connection
- Connect to multiple USB-C and USB-A devices
- HDMI port for connection to a monitor or TV
- USB-C PD 3.0 (Power Delivery) up to 100W

PART NO	DESCRIPTION
32155	USB-C® Essentials Multiport Hub 4 Port
32156	USB-C® Essentials Multiport Hub 6 Port with Card Reader

32158	USB-C® Essentials Multiport Hub 7 Port

ADAPTERS

USB-C® to HDMI 4K Adapter

- The USB-C to HDMI adapter allows a seamless connection from any compatible USB-C device to your projector, TV or monitor
- HDMI interface supports up to 4K** output video from your computer to a 4K monitor
- Expand your slimline notebook, Macbook or smartphone into a workstation
- Sleek, compact design makes this device perfect for use on-the-go

PART NO DESCRIPTION

49143	USB-C® to HDMI 4K Adapter (30Hz)
49144	USB-C® to HDMI 4K Adapter with 1.5m Cable (60Hz)

USB-C® to VGA Adapter

- The USB-C to VGA adapter allows a seamless connection from any compatible USB-C device to your projector, TV or monitor
- Expand your slimline notebook, Macbook or smartphone into a workstation
- Sleek, compact design makes this device perfect for use on-the-go

PART NO DESCRIPTION

49145	USB-C® to VGA Adapter
-------	-----------------------

USB-C® to Gigabit Ethernet Adapter

- Connect to any compatible USB-C device and Gigabit Ethernet output simultaneously
- Expand your slimline notebook, Macbook or smartphone into a workstation
- Sleek, compact design makes this device perfect for use on-the-go

PART NO DESCRIPTION

49146	USB-C® to Gigabit Ethernet Adapter

** Provided the computer supports 4K

HEADSETS & EARBUDS

TruSound Pro Neckband Earbuds

- Ultra-long battery life - up to 110 hours playtime
- Environmental Noise Cancellation (ENC)
- Bluetooth 5.4 connectivity
- Built-in microphone
- Smart magnetic auto on/off function
- Secure and comfortable neckband design
- USB-C® charging
- Earbud tips in three sizes for the perfect fit

Colours available:
● ●

PART NO	DESCRIPTION
30203	TruSound Pro Neckband Earbuds - Black
30204	TruSound Pro Neckband Earbuds - Blue

TruSound ANC Neckband Earbuds

- Active Noise Cancellation (ANC) technology
- Up to 28 hours playtime
- Bluetooth 5.4 connectivity
- Built-in microphone
- Smart magnetic auto on/off function
- Secure and comfortable neckband design
- USB-C® charging
- Earbud tips in three sizes for the perfect fit

Colours available:
● ●

PART NO	DESCRIPTION
30205	TruSound ANC Neckband Earbuds - Black
30206	TruSound ANC Neckband Earbuds - Grey

TruSound USB-C® Headset

- USB-C plug -and-play connection for smartphones, tablets, laptops and other USB-C compatible devices
- 40mm drive unit for balanced, immersive sound
- Soft, padded ear cups and an adjustable headband provide comfort during extended use
- Integrated in-line controls
- 1.5m USB-C cable
- Ideal for remote work, online classes, casual gaming and entertainment

PART NO	DESCRIPTION
30198	TruSound USB-C® Headset

MICE

Silent Optical Mouse

- Silent technology eliminates excess noise while maintaining the same click feel
- 1000 dpi high definition optical technology
- Ergonomic design and comfort grip for ease-of-use
- Plug into your USB port for immediate use

PART NO DESCRIPTION

49024	Silent Optical Mouse
-------	----------------------

8-Button Deluxe Wireless Optical Desktop Mouse

- Blue LED technology - navigate on different types of surfaces
- Windows Start / Windows 8 Home button
- Back / forward buttons for use in a web browser
- Zoom in / out in Windows applications e.g. Word / Excel
- 800 / 1300 / 1600 optional dpi
- Ergonomic design for comfortable use
- Nano wireless receiver - Plug 'n' Stay

PART NO DESCRIPTION

49041	8-Button Blue LED Wireless Optical Desktop Mouse

GO MINI Optical Travel Mouse

- Ultra portable design and retractable USB cable make it ideal for users on the go
- 1000 dpi high definition optical technology
- Available in four colours - Black, Hot Pink, Caribbean Blue and Volcanic Orange

Colours available:

PART NO	DESCRIPTION
49020	GO MINI Optical Mini Travel Mouse Black
49021	GO MINI Optical Mini Travel Mouse Hot Pink
49022	GO MINI Optical Mini Travel Mouse Caribbean Blue
49023	GO MINI Optical Mini Travel Mouse Volcanic Orange

Optical Desktop Mouse

- Superior control
- 1000 dpi high definition optical technology
- Smooth contoured design for ease of use in both right and left hands
- USB Plug 'n' Play

PART NO	DESCRIPTION
49019	Optical Desktop Mouse

GO NANO Wireless Mouse

- 1600 dpi three button Nano wireless mouse
- Plug-in Nano receiver - small enough to leave connected
- 2.4GHz RF wireless technology
- Smooth, contoured design provides comfort and control
- Available in four colours - Black, Hot Pink, Caribbean Blue and Volcanic Orange

Colours available:

PART NO	DESCRIPTION
49042	GO NANO Wireless Mouse Black
49043	GO NANO Wireless Mouse Hot Pink
49044	GO NANO Wireless Mouse Caribbean Blue
49045	GO NANO Wireless Mouse Volcanic Orange

WEBCAMS

Webcam with Microphone

- Full HD 1080p resolution
- Autofocus with auto white balance
- USB Plug & Play
- Integrated microphone
- Detachable privacy lens cover
- Anti-slip clamp surface for stable grip
- Integrated 1/4" screw thread for tripod mount (tripod not included)

PART NO	DESCRIPTION
---------	-------------

49578	AWC-01 Full HD 1080p Autofocus Webcam with Microphone
-------	---

Webcam with Microphone and Light

- Full HD 1080p resolution
- Autofocus with auto white balance
- USB Plug & Play
- Integrated microphone
- 360° rotatable
- Privacy lens cover
- 3 colour light modes
- Integrated 1/4" screw thread for tripod mount (tripod not included)

PART NO	DESCRIPTION

HANDHELD FANS

AirJet Handheld Fan

- Compact, lightweight portable fan
- Four adjustable speed settings up to 20,000 rpm max.
- LED display shows the battery capacity and fan power level
- Recharge with the USB-A to USB-C® cable
- Long lasting power

PART NO	DESCRIPTION
32340	Cool 'n' Go AirJet Handheld Fan - Grey/Purple
32341	Cool 'n' Go AirJet Handheld Fan - White/Silver

Ice Touch Handheld Fan

- Compact, lightweight portable fan
- Active cooling disc
- Adjustable speeds up to 7000 rpm max.
- LED display shows the battery capacity and fan power level
- Recharge with the USB-A to USB-C® cable
- Instant cooling, long lasting power

PART NO	DESCRIPTION
32342	Cool 'n' Go Ice Touch Handheld Fan - Grey/Purple
32343	Cool 'n' Go Ice Touch Handheld Fan - White/Silver

POWER & CHARGING

Stay powered wherever you are with Verbatim's range of reliable charging solutions. From everyday essentials like wall chargers, travel adapters, and power banks, to car chargers, charging stands, and batteries, our products are designed to keep your devices running at home, in the office, or on the move.

POWER BANKS

Charge 'n' Go Magnetic Wireless Power Bank with Stand

- MagSafe compatible for seamless magnetic attachment to iPhones
- Integrated stand for hands-free viewing
- Charge two devices simultaneously
- 15W magnetic wireless charging and 20W USB-C® PD fast charging
- LED status indicator
- 10,000mAh battery capacity
- Available in a range of colours

Colours available:
● ● ● ● ●

GAN CHARGERS

GaN Wall Charger 65W 2-Port with Retractable Cable

- Built-in retractable USB-C® Cable
- 65W GaN wall charger with retractable USB-C® PD 65W cable and 2 output ports: 1x USB-C® PD 65W and 1x USB-A QC 3.0
- Charges 3 devices simultaneously
- Integrated GaN technology
- Supports super-fast charging with USB Power Delivery 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Power output display
- Multi-plug UK and EU included

PART NO DESCRIPTION

32217	GaN Wall Charger 65W 2-Port with Retractable Cable USB-C® PD 65W cable USB-C® PD 65W USB-A QC 3.0
-------	--

Mini GaN Wall Charger with Display 140W 4-Port

- Premium 4-port GaN wall charger with three USB-C® and one USB-A port
- Integrated touchscreen display shows real-time charging performance
- Display modes show individual port output, total output, charging status and charging time
- Power output up to 140W - perfect for laptops, tablets and phones
- Programmable Power Supply (PPS) technology
- Interchangeable EU, UK and US plugs

PART NO DESCRIPTION

30240	Mini GaN Wall Charger with Display 140W 4-Port 2 x USB-C® PD 140W 1 x USB-C PD 30W 1 x USB-A QC 3.0
-------	--

Mini GaN Wall Charger with Display 65W 3-Port

- Compact 3-port GaN wall charger with two USB-C® and one USB-A port
- Integrated touchscreen display shows real-time charging performance
- Display modes show individual port output, total output, charging status and charging time
- Charge three devices simultaneously
- Programmable Power Supply (PPS) technology
- Interchangeable EU, UK and US plugs

PART NO DESCRIPTION

30238	Mini GaN Wall Charger with Display 65W 3-Port 2 x USB-C® PD 65W 1 x USB-A QC 3.0
-------	---

Mini GaN Wall Charger with Display 100W 3-Port

- High speed 3-port GaN wall charger with two USB-C® and one USB-A port
- Integrated touchscreen display shows real-time charging performance
- Display modes show individual port output, total output, charging status and charging time
- Two USB-C PD 3.0 ports up to 100W, one USB-A QC 3.0 port up to 30W
- Programmable Power Supply (PPS) technology
- Interchangeable EU, UK and US plugs

PART NO DESCRIPTION

30239	Mini GaN Wall Charger with Display 100W 3-Port 2 x USB-C® PD 100W 1 x USB-A QC 3.0
-------	---

GaN Wall Charger 240W 4-Port

GaN Wall Charger 200W 4-Port

- Supports charging of up to 4 devices simultaneously
- 1 x USB-C® PD 3.1 140W, 1 x USB-C PD 3.0 100W, 1 x USB PD 3.0 65W and 1 x USB-A QC 3.0 60W
- Integrated GaN technology
- Foldable US prongs, replaceable EU and UK plugs for travelling
- Supports super-fast charging with USB Power Delivery 3.1 & 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Made with high-quality, flame-resistant materials
- Four safety protection systems

PART NO DESCRIPTION

32205	GaN Wall Charger 240W 4-Port 1 x USB-C® PD 140W / 1 x USB-C PD 100W / 1 x USB-C PD 65W / 1 x USB-A QC 3.0 (EU/UK/US)
-------	---

- Supports charging of up to 4 devices simultaneously
- 2 x USB-C® PD 3.0 100W, 1 x USB-C PD 3.0 65W, and 1 x USB-A QC 3.0 60W
- Integrated GaN technology
- Foldable US prongs, replaceable EU and UK plugs for travelling
- Supports super-fast charging with USB Power Delivery 3.0 & 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Made with high-quality, flame-resistant materials
- Four safety protection systems

PART NO DESCRIPTION

32204	GaN Wall Charger 200W 4-Port 2 x USB-C® PD 100W / 1 x USB-C® PD 65W / 1 x USB QC 3.0 (EU/UK/US)
-------	--

GaN Wall Charger 140W 4-Port

- Supports charging of up to 4 devices simultaneously
- 2 x USB-C® PD 3.1 140W, 1 x USB-C PD 3.0 20W, and 1 x USB-A QC 3.0 18W
- Integrated GaN technology
- Foldable US prongs, replaceable EU and UK plugs for travelling
- Supports super-fast charging with USB Power Delivery 3.1 & 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Made with high-quality, flame-resistant materials
- Four safety protection systems

PART NO	DESCRIPTION
32203	GaN Wall Charger 140W 4-Port 2 x USB-C® PD 140W / 1 x USB-C® PD 20W / 1 x USB-A QC 3.0 (EU/UK/US)

GaN Wall Charger 100W 4-Port

- Supports charging of up to 4 devices simultaneously
- 2 x USB-C® PD 3.0 100W, 1 x USB-C PD 3.0 65W, and 1 x USB-A QC 3.0
- Integrated GaN technology
- Foldable US prongs, replaceable EU and UK plugs for travelling
- Supports super-fast charging with USB Power Delivery 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Made with high-quality, flame-resistant materials
- Four safety protection systems

PART NO	DESCRIPTION
32202	GaN Wall Charger 100W 4-Port 2 x USB-C® PD 100W / 1 x USB-C® PD 65W / 1 x USB-A QC 3.0 (EU/UK/US)

GaN Wall Charger 65W 3-Port

- Supports charging of up to 3 devices simultaneously
- 2 x USB-C® PD 3.0 65W, and 1 x USB-A QC 3.0
- Integrated GaN technology
- Foldable US prongs, replaceable EU and UK plugs for travelling
- Supports super-fast charging with USB Power Delivery 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Made with high-quality, flame-resistant materials
- Four safety protection systems

PART NO	DESCRIPTION
32201	GaN Wall Charger 65W 3-Port 2 x USB-C® PD 65W / 1 x USB-A QC 3.0 (EU/UK/US)

GaN Wall Charger 35W 2-Port

- Supports charging of up to 2 devices simultaneously
- 1 x USB-C® PD 3.0 35W, and 1 x USB-A QC 3.0
- Integrated GaN technology
- Foldable US prongs, replaceable EU and UK plugs for travelling
- Supports super-fast charging with USB Power Delivery 3.0, PPS and Quick Charge 3.0
- Programmable Power Supply (PPS) technology
- Made with high-quality, flame-resistant materials
- Four safety protection systems

PART NO	DESCRIPTION
32200	GaN Wall Charger 35W 2-Port 1 x USB-C® PD 35W / 1 x USB-A QC 3.0 (EU/UK/US)

Fold 'n' Go GaN EU Wall Charger 65W 2-Port

- Convenient foldable design – great for travelling
- GaN technology: compact, lightweight, and highly efficient charging performance
- Dual USB-C® ports: charge two devices simultaneously with USB-C Power Delivery 3.0
- Fast & smart charging – supports PPS (Programmable Power Supply) for optimized charging speed and efficiency
- High output power – delivers up to 65W total, ideal for laptops, tablets, and smartphones

Colours available:

PART NO DESCRIPTION

32354	Fold 'n' Go GaN EU Wall Charger 65W 2-Port Black
32355	Fold 'n' Go GaN EU Wall Charger 65W 2-Port White

USB EU Wall Charger 30W 4-Port

- 4-Port 30W PD 3.0 & QC 3.0 USB Wall Charger with fixed EU plug
- Supports charging of up to 4 devices simultaneously
- 1 x USB-C® port (PD 3.0 up to 20W), 3 x USB-A ports (1 x USB-A QC 3.0 up to 18W, 2 x USB-A up to 10W), total output up to 30W
- Made with high-quality, flame-resistant materials
- Four safety protection systems
- Plastic-free packaging

Colours available:

PART NO DESCRIPTION

49700	USB EU Wall Charger 30W 4-Port - Black 1 x USB-C® PD 20W / 1 x USB-A QC 3.0 / 2 x USB-A 10W (EU)
49701	USB EU Wall Charger 30W 4-Port - White 1 x USB-C® PD 20W / 1 x USB-A QC 3.0 / 2 x USB-A 10W (EU)

Mini GaN EU Wall Charger 20W / with USB-C Cable

- 20W USB-C® wall charger with Power Delivery 3.0
- Fast charging up to 20W output
- Single USB-C port
- Ideal for charging smartphones, tablets and other devices
- EU plug for European wall sockets

PART NO DESCRIPTION

32395	Mini GaN EU Wall Charger 20W
32396	Mini GaN EU Wall Charger 20W with 1m USB-C Cable

GaN EU Wall Charger 65W 3-Port Essentials

- GaN technology: more compact, efficient, and powerful than traditional chargers
- 3-in-1 charging via 2 x USB-C® PD 3.0 and 1 x USB-A QC 3.0
- Fast charging – Power Delivery (PD), PPS, and Quick Charge 3.0 for rapid and safe charging
- High output: delivers up to 65W total output – perfect for laptops, tablets, and smartphones
- Wide compatibility – suitable for a variety of devices thanks to USB-C and USB-A connectivity

Colours available:

PART NO DESCRIPTION

32352	GaN EU Wall Charger 65W 3-Port Essentials Black
32353	GaN EU Wall Charger 65W 3-Port Essentials White

PLUGS AND TRAVEL ADAPTERS

Charge 'n' Travel 170W Universal Travel Adapter

- Universal World-to-World compatibility* with GaN technology
- Charge up to 6 devices simultaneously: 3x USB-C® and 1x USB-A ports
- Ultra-fast charging performance: 2x USB-C PD 3.1 & QC 4+ up to 140W, 1x USB-C PD 3.0 & QC 3.0 up to 30W, 1x USB-A QC 3.0 up to 18W
- Lightweight and space-saving – perfect for your carry-on

PART NO DESCRIPTION

30190	Charge 'n' Travel 170W Universal Travel Adapter
-------	---

Charge 'n' Travel 70W Universal Travel Adapter with Two Retractable Cables

- Two Built-in retractable USB-C® Cables
- Universal World-to-World compatibility* with GaN III technology
- Charge up to 6 devices simultaneously: 3 x USB-C and 1 x USB-A ports, 2 x USB-C cables
- High-speed charging: 1x USB-C PD 3.0 & QC 4+ up to 70W, 1x USB-C PD 3.0 & QC 4+ up to 60W, 1x USB-C 5W, 1x USB-A QC 3.0 up to 60W
- Lightweight, space-saving, and ideal for your carry-on

Colours available:

PART NO DESCRIPTION

30186	Charge 'n' Travel 70W Universal Travel Adapter with 2 Retractable Cables Black
30187	Charge 'n' Travel 70W Universal Travel Adapter with 2 Retractable Cables Blue
30188	Charge 'n' Travel 70W Universal Travel Adapter with 2 Retractable Cables Purple

Charge 'n' Travel 85W Universal Travel Adapter with Retractable Cable

- Built-in retractable USB-C® Cable
- Universal World-to-World adapter* with GaN III technology
- Superfast 6-in-1 charging up to 85W
 - 4 x USB-C® Power Delivery 3.0 (PPS support) & Quick Charge 4+ output: up to 70W each
 - 1 x USB-A Quick Charge 4+ output: up to 60W
- Max Output: 85W

PART NO DESCRIPTION

32127	Charge 'n' Travel 85W Universal Travel Adapter with retractable cable
-------	---

Charge 'n' Travel 100W Universal Travel Adapter with Retractable Cable

- Built-in retractable USB-C® Cable
- Universal World-to-World compatibility* with GaN III technology
- Charge up to 5 devices simultaneously: 2 x USB-C, 2 x USB-A and 1 x USB-C cable
- High-speed charging: 1x USB-C PD 3.0 & QC 4+ up to 100W, 2 x USB-C 15W, 2 x USB-A up to 12W
- Lightweight and space-saving, perfect for any trip

Colours available:

PART NO DESCRIPTION

30191	Charge 'n' Travel 100W Universal Travel Adapter with Retractable Cable Black
30192	Charge 'n' Travel 100W Universal Travel Adapter with Retractable Cable Blue
30193	Charge 'n' Travel 100W Universal Travel Adapter with Retractable Cable Purple

*Suitable for use in more than 180 countries. In some countries these adapters may not comply with local standards. Please check local regulations before use.
We accept no liability for misuse or non-compliant use.

GaN III Universal Travel Adapter 140W with 3 x USB-C®, 1 x USB-A Ports

- World-to-World adapter* with GaN III technology
- EU, UK, USA/Japan, AUS plug formats
- Four ultra-fast USB charging ports:
 - 2 x USB-C® Power Delivery 3.1 & Quick Charge 4+ output: up to 140W each
 - 1 x USB-C PD 3.0 & QC 3.0 output: up to 18W
 - 1 x USB-A QC 3.0 output: up to 18W
- Supports charging of four devices simultaneously

PART NO DESCRIPTION

32125	UTA-10 GaN III Universal Travel Adapter Plug with 2 x USB-C® PD 3.1 & QC 4+, 1 x USB-C PD & QC 3.0 & 1 x USB-A QC 3.0 ports
-------	---

GaN III Universal Travel Adapter 100W with 2 x USB-C®, 2 x USB-A Ports

- World-to-World adapter* with GaN III technology
- EU, UK, USA/Japan, AUS plug formats
- Four ultra-fast USB charging ports
 - 2 x USB-C® Power Delivery 3.0 & Quick Charge 4+ output: up to 100W each
 - 2 x USB-A QC 3.0 output: up to 18W
- Supports charging of five devices simultaneously

PART NO DESCRIPTION

32121	UTA-06 GaN III Universal Travel Adapter Plug with 2 x USB-C® PD & QC 4+ & 2 x USB-A QC 3.0 ports
-------	--

Universal Travel Adapter with 2 x USB-C®, 3 x USB-A Ports

- World-to-World adapter (suitable for more than 180 countries*)
- Supports PD 61W and QC 3.0
- 2 x USB-C® ports
- 3 x USB-A ports
- Supports charging of six devices simultaneously
- Safety shutter function prevents foreign objects being inserted into the socket and to keep children safe

PART NO DESCRIPTION

49546	UTA-04 Universal Travel Adapter Plug with USB-C® PD & QC, USB-C & 3 x USB-A ports
-------	---

GaN III Universal Travel Adapter 65W with 2 x USB-C®, 2 x USB-A Ports

- World-to-World adapter* with GaN III technology
- EU, UK, USA/Japan, AUS plug formats
- Three ultra-fast USB charging ports and one regular USB port:
 - 2 x USB-C® Power Delivery 3.0 & Quick Charge 4+ output: up to 65W each
 - 1 x USB-A QC 3.0 output: up to 60W
 - 1 x USB-A output: up to 5W
- Supports charging of five devices simultaneously

PART NO DESCRIPTION

32120	UTA-05 GaN III Universal Travel Adapter Plug with 2 x USB-C® PD & QC 4+ & 2 x USB-A ports
-------	---

Universal Travel Adapter with 3 x USB-C®, 2 x USB-A Ports

- World-to-World adapter (suitable for more than 180 countries*)
- Supports PD 30W and QC 3.0
- 3 x USB-C® ports
- 2 x USB-A ports
- Supports charging of six devices simultaneously
- Safety shutter function prevents foreign objects being inserted into the socket and to keep children safe

PART NO DESCRIPTION

WIRELESS CAR CHARGERS

Charge 'n' Drive Qi2 Magnetic Wireless Car Charger RGB

- Qi2 Technology
- Smart cooling fan and semiconductor chilling plate prevent overheating
- Soft backlit RGB lighting
- Strong 16 NdFeB magnets hold phone securely in place
- Ventilation, dashboard or windscreen mounting options
- 360° rotatable
- Designed to accomodate phones with higher raised camera lens

PART NO	DESCRIPTION
31860	Charge 'n' Drive Qi2 Magnetic Wireless Car charger RGB

Charge 'n' Drive Magnetic Wireless Car Charger RGB

- Wireless charger for Qi compatible phones
- Smart cooling fan and semiconductor chilling plate prevent overheating
- Soft backlit RGB lighting
- Strong 16 NdFeB magnets hold phone securely in place
- Ventilation, dashboard or windscreen mounting options
- 360° rotatable
- Protective safety features

PART NO	DESCRIPTION
31862	Charge 'n' Drive Magnetic Wireless Car Charger RGB

Charge 'n' Drive Qi2 Magnetic Wireless Car Charger

- Qi2 Technology
- Smart cooling fan and semiconductor chilling plate prevent overheating
- Strong 16 NdFeB magnets hold phone securely in place
- Ventilation, dashboard or windscreen mounting options
- 360° rotatable
- Protective safety features
- Designed to accomodate phones with higher raised camera lens

PART NO	DESCRIPTION
31861	Charge 'n' Drive Qi2 Magnetic Wireless Car Charger

FWC-01 Qi Fast Wireless Car Charger

- Wireless charger for Qi enabled phones
- Qi certified
- Three mounting options
- Output: 15W/10W/7.5W/5W self adaptation
- Automatic open/lock
- 360° rotatable

PART NO	DESCRIPTION
49552	FWC-01 Qi Fast Wireless Car Charger

FWC-03 Pro Qi Fast Wireless Car Charger

- Wireless charger for Qi enabled phones
- Qi certified
- Auto-alignment coil = Smart recognition
- Tempered glass surface
- Automatic open/lock
- Three mounting options: vent holder, suction cup on dashboard, or front window
- Output: 15W/10W/7.5W/5W self-adaptation
- 360° rotatable

PART NO	DESCRIPTION
49554	FWC-03 Pro Qi Fast Wireless Car Charger

FWC-02 Qi Fast Wireless Car Charger

- Wireless charger for Qi enabled phones
- Qi certified
- Toughened glass surface with fluorescent Qi indicator
- Three mounting options
- Output: 15W/10W/7.5W/5W self-adaptation
- Automatic open/lock
- 360° rotatable

PART NO	DESCRIPTION
49553	FWC-02 Qi Fast Wireless Car Charger

CHARGING STANDS

3-in-1 Apple Watch and iPhone Charging Stand

- 3-in-1: Wirelessly charge your Apple Watch, iPhone (8 or later) or other Qi-certified wireless charging enabled device and one device by cable via the QC 3.0 USB-A port
- Charge up to three devices simultaneously
- Engineered to charge devices as fast as possible (actual charging speed is dependent on the device)
- Total power output: max. 44W (Apple Watch: 5W, wireless charging: max. 15W, USB-A QC 3.0: max. 24W)
- Charging functions feature over-current and over-voltage protection
- MFi certified
- Qi certified

PART NO	DESCRIPTION
49556	3-in-1 Charging Stand - Wired and Wireless charging for your Apple Watch and iPhone

2-in-1 Apple Watch and iPhone Charging Stand

- 2-in-1: Wirelessly charge your Apple Watch and iPhone (8 or later) or other Qi-certified wireless charging enabled device
- Engineered to charge devices as fast as possible
- Total power output: max. 20W (Apple Watch: 5W, wireless charging: max. 15W)
- Charging functions feature over-current and over-voltage protection
- MFi certified
- Qi certified

PART NO	DESCRIPTION
49555	2-in-1 Charging Stand - Wireless charging for your Apple Watch and iPhone

BATTERIES

Premium Alkaline Batteries

- Reliable and long lasting alkaline batteries
- Up to 4 times more powerful than zinc carbon batteries

Premium Rechargeable Batteries

- Premium NiMH rechargeable batteries, which can be recharged more than 1000 times
- Pre-charged. Can be used straight from the pack
- Ideal for energy hungry electronic devices such as toys and computing devices

PART NO	DESCRIPTION	CAPACITY	MODEL
49517	Verbatim AA Rechargeable Batteries 4 Pack	2500mAh	HR6 (Rechargeable)
49514	Verbatim AAA Rechargeable Batteries 4 Pack	950mAh	HR03 (Rechargeable)

3D PRINTING

Verbatim offers top grade 3D printing filament, manufactured to very tight tolerances, made from the highest quality materials to ensure consistent feeding and stable prints.

PLA

- High performance Polylactic Acid (PLA)
- Partly degradable bio-polymer filament derived from plants. Easy to print
- Main applications: All-purpose material for a wide range of applications including concept modelling and education.

PET-G

- High performance Polyethylene Terephthalate Glycol (PET-G)
- Food package grade pellets used
- Main applications: Concept modelling for mechanics, medical, food containers, transparent objects

ABS

- High performance Acrylonitrile Butadiene Styrene (ABS)
- Highly durable filament with good heat resistance and a smooth finish
- Main applications: Concept modelling for building, electrical, automotive industry etc. Non-critical parts such as enclosures

QUALITY CONTROL

Verbatim's demanding quality control during the manufacturing process guarantees first-class products. The company delivers products and services that exceed customer expectations by leveraging its technology leadership, marketing expertise, and state-of-the-art distribution capabilities.

GLOBAL NETWORK DISTRIBUTION

In EMEA, our head office is in Eschborn which is close to Frankfurt, Germany, providing an ideally centralised location for the company's activities. It allows for easy access to central resources for the sales and marketing employees who are located close to customers across the different countries in Europe.

EMEA WAREHOUSING AND OPERATION

In Europe, we operate out of our state-of-the-art central warehouse in Wörrstadt Germany, which has excellent rail, road, river and sea access.

TECHNICAL SUPPORT

To maintain and deliver our promise of guaranteed customer satisfaction, we offer free of charge hotline support by email or phone. The hotline provides direct and fast access to the support team to help answer questions about product setup, use and care, repair and maintenance issues.

See www.verbatim.com/support for further details.
